Self-Contained Island Display Merchandisers for Ice Cream Novelties

With the NIM, you can display ice cream novelties where they are easy to see and easy to reach for added impulse sales. The new exterior design features a contemporary styling with rounded corners and smoother exterior surfaces. All glass sides increase product visibility to attract the shoppers eye and the low 30" rail height allows even your smallest customers to choose their treat.

Features

- Self-contained refrigeration system with forced air design, fin and tube condenser and expansion valve control.
- High quality, plastic molded ends injected with CFC-free foam for durability and style.
- Automatic defrost with electronic control.
- Electronic thermometer for instant temperature check.
- Built-in cabinet drain with heated condensate pan.
- Power cord requires 115V, 20 amp receptacle.
- Self-closing doors feature tempered, low-E insulated glass.
- 21 white display baskets standard with NIM-6, 15 baskets with NIM-4.
- Door hold-open.

Warranty

Five years against insulation failure or leaks in insulated area.
Five years against failure of compressor. One year against defective materials or faulty workmanship, including labor.

Optional Accessories

- Remote Application.
- Basket dividers.
- Locking casters.

All Models

NEMA 5-20P
